

ACT NOW!

The 2020 Census is an opportunity to shape the future of our communities.

Census results have an impact on programs, such as health insurance, hospitals, childcare, food assistance, schools, early childhood development, and much more.

Every household should have received a letter asking to complete the 2020 Census questionnaire.

Responding to the census is easier than ever! You can complete the census questionnaire online, by phone, or by mail using the Census ID provided. If you do not have a Census ID, you can still respond by entering your home address.

Count everyone in your home on the 2020 Census. The household count should consist of all persons living at the recorded address on **April 1, 2020**.

Be sure to include all adults, babies, young children, foster children, and nonrelatives in your household count.

Please respond today!
